## Vehicle Cover Conditions

Mechanical Breakdown Warranty

**The following components are covered against Mechanical Breakdown** (as defined elsewhere in this document) of those items listed below.

**Please note any parts not listed are specifically excluded.**

**Engine** – All major internal moving parts of the cylinder block including; Big end bearings, crankshaft, camshaft, pistons, connecting rods, balance shafts, gears, oil pump, variable camshaft timing assembly (Vanos), chains, sprockets, tensioners and including the cylinder head, engine block and liners (but excluding; burnt out valves and valve seats).

**Transmission** – Manual - gears, syncromesh hubs, shafts, bearings and selector folks, transfer box. Automatic - Gears, internal clutches, syncromesh hubs, shafts, bearings and bands, transfer box, torque converter.

**Clutch** – All components incluidng pressure plate, friction plate (excludes worn out facing material), ring gear, release bearing, master cylinder, slave cylinder, fork lever, clutch pedal and cable.

**Turbo** – Turbocharger or supercharger, intercooler and wastgate devices up to 7yrs or 80,000 miles.

**Differential** – All components including crown wheel and pinion and all other internal mechanical moving Parts.

**Driveline** – All components including drive shafts, prop-shafts, centre bearings, constant velocity joints (excluding rubber boots), universal joints and wheel bearings (excluding wear).

**Brakes** – All components including servo unit, master cylinder, wheel cylinders, brake calipers, vacuum pump, brake pedal. Excluding friction items and items subject to periodic maintainance and replacement.

**Steering** – All components incldуing, power steering rack and pinion, power steering box, pressure pipes, idler box, hydraulic and electrical power steering pump, reservoir, steering column joints and bearings, track rod ends (excluding wear).

**Suspension** – All components including coil springs, pneumatic air springs, shock absorbers, ride height actuators and regulator valves, track control arms and linkages, suspension pump, ball and swivel joints. Excludes bushes.

**Cooling System** – All components including radiator, engine oil cooler, water pump, cooling fan motor, cooling fan coupling, radiator fan motor, engine temperature sensor, engine temperature gauge, thermostat and thermostat housing.

**Heating / Ventilation** – All components including heater matrix and heater fan motor, heaterbox, vents controls,

**Electrics** – All components including Starter motor, alternator, voltage regulator, ignition coil, sensors, electronic ignition amplifier, relays and switches, electric windows regulators and motors, front and rear windscreen wiper motors and washer motors, electric window motors, sunroof and cabriolet motors, cruise control unit, headlamp motors, horn, multi function indicator stalk switch, alarm control unit and siren.

**Fuel System** – All components including Lift pump, fuel pump, injection pump, injector, fuel level sender unit, throttle body, throttle potentiometer, airflow meter/ air flow sensor.

**Air Conditioning** – All components including air condtioning condensor, compressor, receiver/ evaporator high pressure pipes (excluding hoses).

**Locks** – All components including central locking solenoids, handles, barrells and catches (excluding damage).

**Seals / Gaskets** – All components including cylinder head gaskets, engine and gearbox oil seals causing a major oil leak and require immediate replacement, where removal of the unit is essential (excludes worn seals collars and shafts).

**Casings** – Casings are covered if they have been damage by any of the listed parts.

**Control Units / Wiring** – All components including ECU, REC, UEC, solid state control units and wiring looms/ resistance circuits (excludes water damage, corroded or chewed wiring).

**Exclusions** – Items which require replacement as a result of damage either accidental or reckless, items requiring replacement as a result of wear, aftermarket items/ non manufacturer approved items/ software, maintainance items including but not limited to filters, plugs, batteries, exhausts, belts, tyres and fluids.

**Vehicle Hire** – In the event of a valid claim and provided the manufacturers repair time is in excess of 8 working hours, a maximum of £45 per day inclusive of V.A.T but exclusive of fuel and insurance may be claimed for a maximum of 7 days from the time the repairs are started provided prior approval has been obtained from WARRANTIES 2000.

**Recovery** – In the event of a valid claim a maximum of £60 per claim inclusive of V.A.T will be reimbursed.

**European Use** – The limits of the warranty are extended to cover the vehicle whilst outside of the U.K but within the E.U for a period of not more than 60 days in any 12 month period.

**Renewal** – The warranty is renewable subject to the approval of WARRANTIES 2000.
